**AlphaBeta Pharma will be present at “Phase I Clinical Trials Summit”
On 28th – 29th October 2010, BSG Conference Centre, London, UK**

AlphaBeta Pharma is Leading Strategies for Improving Phase I Trial Design, Management and Execution-

AlphaBeta Pharma will be sponsoring “**The use of biomarkers early in clinical development**” presentation on 28th October at 09:40 a.m. covering:

- Biomarkers as go/no-go in early clinical development
- Do biomarkers worth the cost or the time?
- Can we use biomarkers in late clinical development too?
- What role do biomarkers play in the clinic?

If you have any questions or queries, please email them to AlphaBeta Pharma
